ORDER

This matter comes before the Court on Killian Construction Co., Inc.'s ("Killian") Motion for Extension of Scheduling Order Deadlines and Trial Setting. Killian requests an extension of time due to its understanding of the Court's order staying the scheduling order deadlines and because its consultant has not completed its damages calculation.

The Court notes that KNL Construction, Inc.'s ("KNL") pleadings have been stricken, the Clerk has entered Default against KNL, and KNL is not represented by Counsel in this matter. The Court also notes the Orders regarding the stay and Rule 55(b) motion could have resulted in a misunderstanding regarding the continuing obligations under the scheduling order. Accordingly, the Court finds that good cause exists to extend the scheduling order and trial setting and hereby amends the Amended Scheduling Order (Doc. 85) as follows:

6. A pretrial conference is set for [a time and date the Court is available after December 1, 2016], before the undersigned in the United States Courthouse, 222 North John Q. Hammons Parkway, Springfield, Missouri.

8. As KNL's pleadings have been stricken and default has been entered against KNL, this matter is set for a bench trial on the issue of Killian's damages on [a time and date the

Court is available after December 1, 2016], before the undersigned in the United States Courthouse, 222 North John Q. Hammons Parkway, Springfield, Missouri. The Court has set aside one (1) day for the trial on damages. If the parties expect the trial to last more than one (1) day, they should inform the Court.

ITS IS SO ORDERED.

United States Magistrate Judge
